Her first novel, “My Half of the Sky”, is the story of a contemporary young woman who tries to hold up her half—as Chairman Mao dictated women should—but the traditions of her village keep holding her back. Her second novel, “Blossoms and Bayonets” is based on the true story of co-author Hi-Dong Chai, Ph.D. who was born in Seoul, Korea before the onset of WWII. His father was one of the first Christian ministers in the country at a time when Japan occupied Korea—and your only choice of God was Emperor Hirohito.

Monterey Bay Village Looking Ahead Wellness Series – I Get by with a Little Help from my Friends

Time: Wednesday, June 27, 2:30pm

You don’t have to suffer alone in silence. Navigating the challenges of illness, loss, and major life changes can lead to depression and isolation. This presentation will address the resources available at Community Hospital of the Monterey Peninsula to help those who have a cancer diagnosis, who reside in a painful body, or who are trying to maintain optimal balance of mind, body, and spirit while facing tumultuous times. Mary Welschmeyer, RN and Licensed Marriage and Family Therapist, facilitates a number of groups at CHOMP and will share what you may gain in attending.
