

Artist of the Month

Norm Johnson

Hello everybody. Most of you know me from around here. You might have taken one of my classes in Photoshop, Picasa or Introduction to Computers. I have been taking pictures for about forty years and was a member of the Foundation's photo club until the poker club was formed. They both meet on the same day and time so I had to pick one. When I started my photography hobby I amassed a suitcase full of cameras and equipment, had all the latest stuff. I finally found out that with all that equipment, it took all the spontaneity out of shooting and I lost a lot of good shots. Finally I dumped everything except one camera that shoots good telephoto and excellent close-ups. For the December show I picked out some favorites. Some might look strange and that is because sometimes I take a picture and start playing with it in Photoshop. See if you can tell.

If you want to take one home at the end of the month, tell the office and give the Foundation a donation of 75 bucks.
